

**So much
< more >
than a scholarship.**

**Apply to the
Amazon Future Engineer
Scholarship program.**

Bhajneek S. A.
University of California Davis

At Amazon, we believe in powering the next generation of tech innovators. The Amazon Future Engineer Scholarship provides high school seniors with opportunities to launch their careers in computer science. Turn your passion for tech into your future.

Check out the scholarship highlights below:

- Up to \$40,000 in scholarships toward an undergraduate degree in computer science
- Internship opportunities at Amazon
- Wrap around support - including mentorship, leadership development, career readiness training, and mental health resources!

You've got what it takes.

See the full eligibility requirements and start your application at:
